

THIS PRODUCT SHOULD BE ANCHORED TO A WALL OR OTHER SUITABLE SURFACE TO AVOID SERIOUS INJURY OR DEATH.

To help avoid any serious injury or fatal injury, this product can be fastened to the wall using leg fixing points to prevent toppling. We strongly recommend that this product be permanently fitted to the wall or other suitable surface. Fixing devices are not included since different surface materials require different attachments. Please seek professional advice if you are in doubt what fixing device to use.

LIST OF PARTS

THE ONLY TOOL YOU REQUIRE IS A MALLET

WARNING
Handle cut metal edges carefully.

1

Attach a Plastic Foot to 1 end of 4 of the Keyhole Uprights.
NOTE: Ensure keyholes are the correct way up. (Pic 1)

2

Fit 2 Short Shelf Supports and 2 Long Shelf Supports (note end profile) to the bottom holes (for maximum strength) of 4 Keyhole Uprights by slotting the Keylock Pins in the Supports into the Keyholes in the Uprights and tapping firmly with a mallet to seat in place. (Pic 2)

3

Fit Long and Short Shelf Supports where you want the 2nd shelf to be positioned. We recommend leaving a space down from the top of the uprights as this will form the usable space of the 3rd shelf (from the top).

4

To make 1 side of the top half of the Storage Unit: Fit 2 Short Shelf Supports to 2 Keyhole Uprights as shown. (Note end profiles). Fit the TOP Short Shelf Support first. It must be located in the top 2 holes of the Upright.

Then fit the 3rd Support to the bottom hole of the Upright. (Pic 4A). We recommend leaving a space down from the bottom of the uprights as this will form the space of the 2nd shelf.

Repeat this procedure to make the second side. After placing Upright Connecting Braces to the end of each Upright, connect these 2 top halves to the bottom half of the Unit. (Pic 4B)

5

Fit Long Shelf Supports to the Uprights at the 3rd and 4th Shelf positions.

6

Place the 4 x Particle Board Shelves on the Shelf Supports.

IMPORTANT: Take special note of the additional diagrams to the right of Pic 6.

Fit the remaining 4 Plastic Feet to the tops of the Uprights. (Pic 6)
