

AM161432 - Rigid Tube Seal

This rigid seal is only suitable for 4mm - 6mm thick glass panels.

Important

Measure the thickness of your glass door plus the gap between your shower door / screen and the bath to ensure the seal will fit.

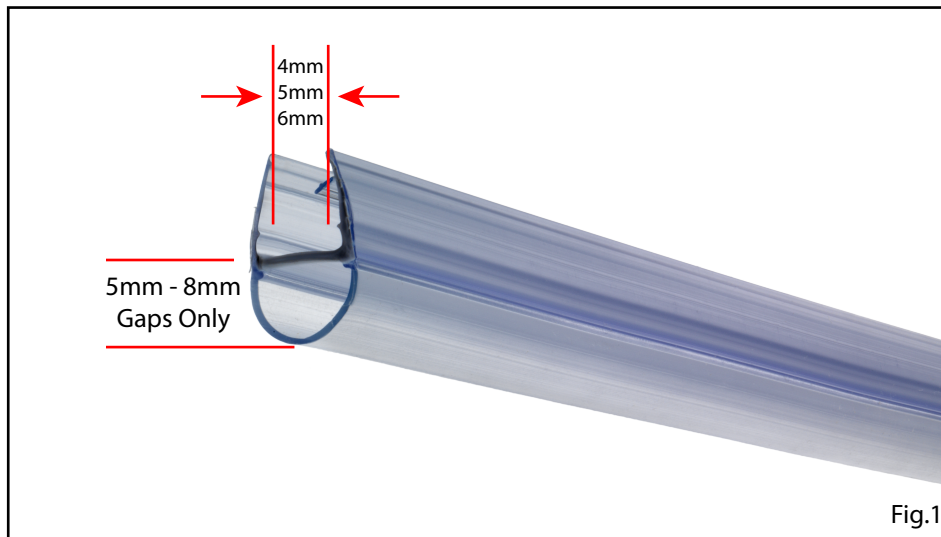

Please do not assume that this seal will fit your glass panel - Measure your existing seal and check the image below - See Fig.1.

Tools Required

Hacksaw - Cut to size if required. (The rigid seal is 1m in length)

Fitting Instructions

- 1) Thoroughly clean the glass surfaces to remove soap, limescale or mildew deposits.
- 2) Measure the length of your shower door / screen.
- 3) If required cut the rigid seal to the desired length using a hacksaw.
- 4) Push fit the seal onto the bottom edge of the shower door / screen. Please note the seal only fits gaps between your shower door / screen and bath of 5-8mm - See Fig.1.
