

Telescopic Triple Corner Storage Basket

Thank you for purchasing this Croydex product. Please follow the fixing and care instructions to ensure your Telescopic Triple Corner Storage Basket Set is fitted safely and retains its high quality finish. Please retain this leaflet for future reference.

This installation guide applies to the following product:

PA140122 - Telescopic Triple Corner Storage Basket

Home Safety Advice

Do not strike the product with hard or sharp objects.

Do not use this product as a grab rail to aid standing up.

Do not overload the shelves - maximum weight per shelf is 1.5kg (3.3lbs) evenly distributed.

Do not use to store glass or breakable items.

Product Care

To retain the best quality finish, clean product regularly with a soft cloth and mild detergents.

Do not use abrasive or chemical cleaners as these may damage the product.

Spray cleaning liquids onto the cloth and not directly onto the product.

Fixing Pack Contents

Assemble the components as shown.

2

Choose where you would like one of the baskets to be located and place an O-Ring at this position.

Once the O-Ring is in place, lower the basket onto the O-Ring until a firm connection is made.

Repeat this step for each of the three baskets.

3

Place the Telescopic Triple Corner Storage Basket into the corner of your bathroom.

Extend the Telescopic Rod (Component A) until the Spring loaded Rod (Component B) is under tension against the ceiling. Simply twist the Telescopic Rod at the desired height to lock in place.

Apply sufficient tension to support the telescopic storage baskets and its contents. **Excessive tension may damage the mounting surface.**

Note:

If the Telescopic Triple Corner Storage Basket is too tall to install in your bathroom, try only using 1 Straight Rod (Component C).
