Safety Information

IMPORTANT - Please read these instructions fully before installation and keep for future reference

For your safety, this product must be installed in accordance with local building Regulations. If in any doubt, or where required by law, consult a competent person who is registered with an electrical self-certification scheme. Further information is available online or from your local authority

IMPORTANT - This product has been designed for non professional, domestic use only.

IMPORTANT - Carefully unpack and examine the product for any damage. If you think there is a defect, **do not** use the product and contact our customer services on **0345 077 8888.**

IMPORTANT - Dispose of all packaging correctly and responsibly and in accordance with all local laws and regulations. Never leave packaging components within reach of children as they can be a source of danger.

IMPORTANT - Electrical connections must be carried out by a suitably qualified person and in accordance with all relevant local building and installation regulations. If in doubt consult a qualified electrician.

IMPORTANT - Before inserting or replacing bulb(s) ensure the power is switched off and the bulb(s) have cooled down.

WARNING - Always shut off power to the circuit before starting installation work.

WARNING - If replacing the fuse in the plug DO NOT EXCEED the maximum rated amps as specified on the plug.

WARNING - This is a Class 2 product and Doesn't require a earth connection.

WARNING - Do not modify or alter any product before or after installation. This may render the product un-safe.

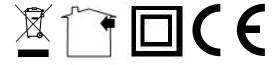

WARNING - Accessible parts become hot during use, young children **must** be kept away.

WARNING - Do not Place this lamp in a damp atmosphere.

WARNING - This product is not intended for use by persons (including children) with reduced physical, sensory and mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by persons responsible for their safety.

WARNING - Children should be supervised to ensure that they do not play with the product.

CAUTION - Ensure the power is switched off before cleaning or carrying out any maintenance.

Maintenance

CAUTION! Always disconnect power supply when servicing or cleaning.

Cleaning

- Use a clean dry soft or slightly damp cloth.
- Do not use abrasive cloths or polishes as this may cause damage to the product.

Changing the bulb

IMPORTANT! Ensure that the bulb has cooled down before replacing.

1. Ensure that the power supply has been disconnected.

Additional information

-This product contains natural wood, colour variations on the finish are normal.

Installation

IMPORTANT! - Ensure the table lamp is NOT plugged into a mains supply socket before attempting to assemble the table lamp.

Installation

- 1. Screw the fitting onto the base.
- 2. Place the metal shade over the lamp holder.
- 3. Screw the shade ring provided onto the lamp holder and secure shade in place.
- 4. Screw the bulb (NOT SUPPLIED) into lamp holders, making sure you do not exceed the maximum wattage and bulb type stated on the lamp holder.
- 5. Adjust the fitting to the required position.
- 6. Insert the plug into a suitable household socket.
- 7. Using in line on/off foot switch, switch on and test the fitting.

REPLACEMENT LAMP

Maximum wattage – See Lamp holder

Light bulb shape - See Lamp holder

We recommend suitable low energy lamps only, see below for example wattages :

5 watt = 25W

7 watt = 35W

9 watt = 45W

11 watt = 60W

15 watt = 75W

20 watt = 100W

Dimming of the luminaire is possible when use halogen bulbs or dimmable low energy lamps.
