**WARNING** - Do not modify or alter any product before or after installation. This may render the product un-safe.

**WARNING** - Accessible parts become hot during use, young children **must** be kept away.

**WARNING** - This product is not intended for use by persons (including children) with reduced physical, sensory and mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by persons responsible for their safety.

**WARNING** - Children should be supervised to ensure that they do not play with the product.

**CAUTION** - Ensure the power is switched off before cleaning or carrying out any maintenance.

## Maintenance

### Maintenance

**CAUTION!** Always disconnect power supply when servicing or cleaning.

#### Cleaning

- Use a clean dry soft or slightly damp cloth.
- Do not use abrasive cloths or polishes as this may cause damage to the product.

# Installation

## Installation

**IMPORTANT !** - Electrical connections must be carried out by a suitably qualified person and in accordance with all relevant local building and installation regulations. If in doubt consult a qualified electrician.

### DIA.1

1. Using fixing bracket as a template, mark suitable holes on the ceiling, using a drill, drill two holes previously marked taking care not to damage the supply cable and insert suitable ceiling plugs provided.
2. Secure the fixing bracket joist to the ceiling using fixing screws provided.
3. Connect the mains supply wires to the terminal block, and ensure all connections are tight and there are no loose strands (see DIA.2).
4. Place the fitting over the fixing bracket.
5. Using the side screws, secure the fitting in place.

Switch on the mains supply power and test the fitting.

### LED INFORMATION:

- The Fitting is not suitable for dimming.
- The LEDs are not replaceable, when the lamps reach the end of their life the whole luminaire shall be replaced.
