SAFETY & CARE ADVICE

Please read these instructions fully before starting assembly.

- Check you have all the components and tools listed on page 3.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area; small parts could pose a choking hazard, if swallowed.
- Make sure you have enough space to lay out the parts before starting.
- Do not stand or put weight on the component parts or the product, as this could cause damage.
- Assemble the item as close to its final position as possible.
- Assemble on a soft, level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with two people.
- We do not recommend the use of power drills/drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers.
- Dispose of all packaging carefully and responsibly.
- The table is made from toughened glass, which is strong but not unbreakable.
In the unlikely event that the glass fails, it will break into a large number of small fragments that may be spread over a wide area. This is a feature of toughened glass, and is designed to remove the risk of injury from glass breaking into large shards.
- Do not strike or place heavy weight on the table. Do not place hot items directly onto the glass. Avoid dropping objects on to the glass, as this may weaken or shatter it. Do not use the glass as a chopping surface.
- A weighted parasol base must be used, when using a parasol with this table.
- If the glass is chipped or broken, stop using the product.
- Domestic use only.
- Maximum safe weight of use is 45kg.
- We recommend that you cover your garden furniture when it's not in use, and that it is stored in a garage or shed throughout the winter months. Please ensure the furniture is dry before storing.

IMPORTANT INFORMATION

Regularly check all the bolts, screws and fastenings are secure.

Do not use this table unless all bolts and screws are firmly secure.

Only clean using a damp cloth and mild detergent; do not use bleach or abrasive cleaners.

This product should not be discarded with household waste. Take it to your local authority waste disposal centre.
