

ASTRID SINGLE ADJUSTABLE
LED SPOTLIGHT

Safety Instructions

1. We recommend you consult a qualified electrician. All electrical installation must be carried out in accordance with current IEE wiring regulations (BS761).
2. Before commencing installation or maintenance, isolate the main electrical supply for the appropriate circuit at the fuse board.
3. This product is only suitable for connecting to a 240V supply.

4. This product should only be used indoors.
5. When installing please take care to avoid water pipes and electrical cables.
6. The light should be mounted onto a secure surface.

Waste Electrical & Electronic Equipment (WEEE)

The symbol on the product, or on the document accompanying the product, the crossed out wheeled bin symbol, indicates that this product may not be treated as household waste. Instead it shall be handed over to the applicable collection point for the recycling of electrical and electronic waste.
