4M ARTIFICIAL GRASS JOINING TAPE

INSTRUCTION MANUAL

IMPORTANT: Please read these instructions before using the product and retain for future use.

HHGL Limited, MK9 1BA
HHGL (ROI) Limited, D02 X576

V1_2023

IMPORTANT INFORMATION

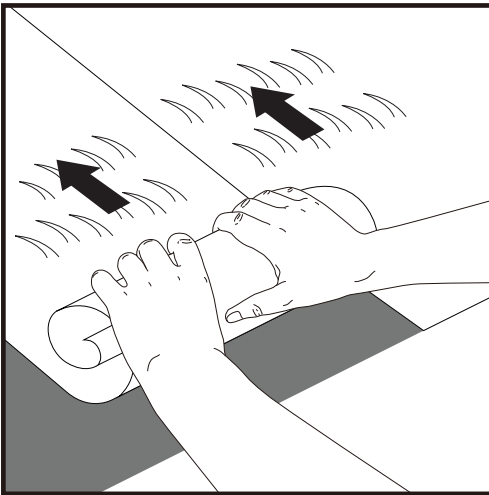

This joining tape is designed to fix artificial grass in place. It should be affixed to the bottom of artificial grass.

CARE AND MAINTENANCE

1. Pressure on the tapes during operation will enlarge its contact surface, thus effectively increasing adhesiveness.
2. This tape works best in dry and sunny conditions.
3. Please do not to install this tape in temperatures under 10 degrees, as the glue will not cure properly.

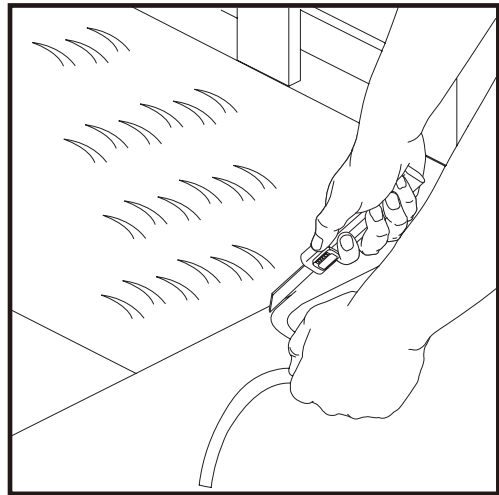

INSTALLATION INSTRUCTIONS

Step 1

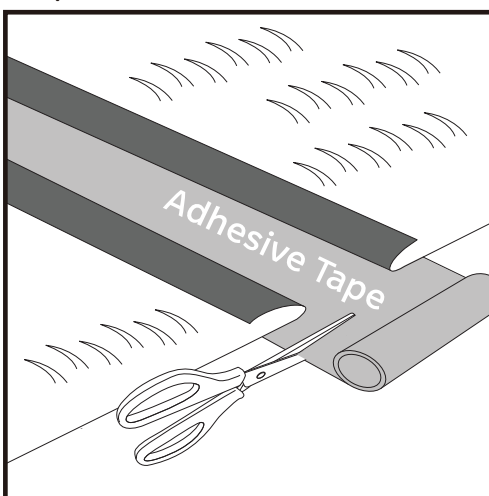

Keep the yarn direction consistent

Step 2

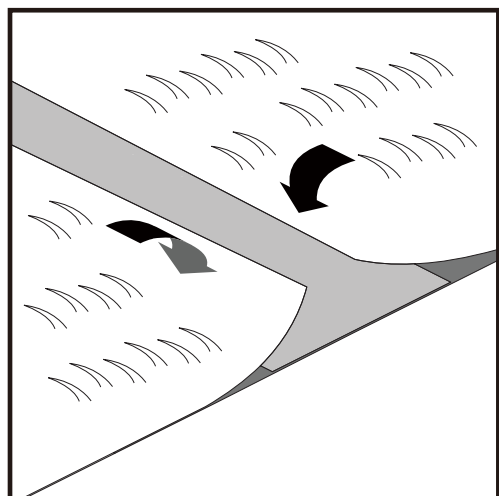

Trim the edges

Step 3

Position the adhesive joining tape beneath two seams (adhesive side up)

Step 4

Place the edges back down so the two seams join together as closely as possible
