PATIO CLEANER

BLACK SPOT REMOVER - READY TO USE

Patio Cleaner Black Spot Remover is a ready to use formulation which powers through patio black spots and stains with ease. The deep cleaning solution works on a wide range of outdoor surfaces to lift and clean, keeping your patio, garden, path, and driveway looking their best all year round.

Directions for use:

Read all label instructions before use. Wear gloves when using this product. This product is ready to use and can be applied neat through a watering can or sprayable equipment. Always test on a small inconspicuous area first, to ensure it is suitable and desired effect is achieved. Ensure area to be treated is cleared of garden furniture and other items, to prevent accidental contact with product. Ensure all loose dirt and other physical debris is removed prior to application.

Apply directly to surface to be treated and leave to soak in. Product will begin to react as it gets to work. Leave product on surface for 2-4 hours to allow time to work. After sufficient time, rinse area thoroughly. For best results use a pressure washer. Repeat as necessary for badly affected areas. Product can be applied to slightly damp surfaces or dry surfaces. Do not apply to surfaces that are saturated from recent rainfall or if rain is due within the 2-4 hours required treatment time. Wash hands after use. Try to avoid run off onto areas where you have lawns or plants. If run off occurs, then dilute product down by watering the area for 5 minutes. Keep pets and other animals away from area until entire operation is completed, and surface is completely dry. Avoid contact with ponds. Rinse all equipment with cold water after use.

Coverage: Approximately 20-25m² from 5L.

Contains: 5% chlorine based bleaching agents

Storage: Store in tightly sealed original container in a cool dry place. Keep container upright to avoid spillage. Produced in the UK.
