- KILLS MOULD, ALGAE AND LICHEN FROM ALL EXTERIOR SURFACES
  - NO SCRUBBING REQUIRED
  - CONCENTRATED FORMULA

5 litres e

# SPEAR & JACKSON

# SPRAY & LEAVE

This product is designed to clean mould, algae and everyday dirt away from the affected areas and to destroy the spores which are produced by algae. This will help lengthen the time in which the algae reforms. The formula is designed to work with the outdoor elements, including wind and rain, to gradually wash away the contamination over a number of months – and can continue working for up to a year, depending on the extent of contamination.

### Directions for Use:

**Before treatment:** Prepare surfaces to treat by eliminating large deposits: Scrape the thick mosses before applying the product. It is preferable that surfaces are protected from rain within 12 hours before the product's application. The curative effect is observed in 1 week. In case of high infestation, renew the treatment. Do not apply the product when ambient temperature is lower than 5°C. Do not use if rain is expected within the next few hours and apply to DRY SURFACES ONLY. Ideally, choose an overcast day (not wet) to apply the product, so that it is less likely to evaporate.

- Apply by brush, watering can or coarse spray.
- Dilute 1 litre of product in 4 litres of water.
- Apply at a rate of 200 – 400ml per metre square. (1 litre per 2.5 – 5.0 metres square)
- In severely affected areas, you may apply a second treatment after 1 - 2 months.

### Precautions:

\*WASH HANDS AND EXPOSED SKIN before meals and after use.

\*KEEP IN A SAFE PLACE.

\*DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES.

\*This material and its container must be disposed of in a safe way.

\*KEEP AWAY FROM TREATED SURFACES UNTIL DRY.

Keep out of the reach of children. Wear suitable protective clothing and gloves. Keep in original containers, tightly closed, in a safe place. Ensure adequate ventilation when applying.

**Use within 2 years of manufacture. Protect from frost.**

### Contains:

Contains amongst other ingredients: <5% cationic surfactants
